Date: October 21, 2018

To: The Flathead County Planning Board and Flathead County Office of Zoning and Planning

From: North Fork Land Use Advisory Committee

Re: 10 Year Review of the North Fork Neighborhood Plan

On September 14, 2018 the full membership of the North Fork Land Use Advisory Committee (NFLUAC) met at Sondreson Hall to facilitate the mandated 10 year review the Neighborhood Plan. At that meeting it was unanimous from both the committee and those landowners present that there are no substantive reasons for amending the Plan or its zoning. Further, it was unanimous that reasonable notice was given to ensure effective public involvement. This committee will continue to meet regularly to continue its important mission to enhance the resource values of the North Fork and allow active participation in shaping and guiding the future of the area.
