

# Special Use Permit Proposals in the North Fork

The following document displays summary information for each of the proposed activities, dates for the activity, and a map of the route(s). There is a summary of maximum service days for each activity, (table below) . The service days are summarized here just in the North Fork. Several of these proposals have some additional use proposed on Tally Lake Ranger District.

**Note:** A “service day” is defined by the number of individual clients being guided in one day, (or in a season), for example, If you have 10 people in an ATV tour for a day trip, and you have the same number each day, for 10 days in a row, that would be 100 service days.

HHGV 2020 Temporary Special Use Outfitting & Guiding Proposals							
Map #	Request Name	Locations (USFS Campgrounds, Routes with USFS Jurisdiction, and County Roads across USFS*)	Activities	Proposed Date Range	Max # per trip	Max # trips per day	Total 2020 service days (clients)
